

WEDDING PACKAGES AND PRICES

Your Wedding Day is one of the most important days of your life and a day you will look back on with the fondest of memories

We will make a special effort to take time to understand your requirements so that you choose the wedding package that is right for you.

We will be meticulous in our preparation to understand the coverage that you are seeking and we will ensure that we are knowledgeable about the Church or Registry Office location and the reception venue.

We will work closely with you on your wedding day in an easy and relaxed manner to capture the events as they unfold.

Finally, we will take your carefully chosen photographs after the day and produce the album in the style you selected and also a DVD set to music with a comprehensive record of the photographs from your day.

A summary of our wedding packages is listed in this brochure and we would be delighted to have the opportunity to come and talk you through them, show you the quality of the albums and a selection of photos from previous weddings.

The price of our wedding packages start from £625 up to £995 and whilst there are additional options which you can choose, our underlying philosophy is very much what you see is what you get and there are no hidden extras.
